

Scalability & Future Plan

Date	2 july 2026
Team ID	XXXXXX
Project Name	AI Powered Debt Relief & Financial Recovery Platform
Maximum Marks	1 Mark

Scalability & Future Plan:

This document outlines how the current project solution can be scaled to handle larger user bases, increased data loads, or extended features in the future. It also captures the team's roadmap for enhancing and evolving the project beyond its current state.

Current System Limitations:

S.No	Limitation	Impact	Priority to Address
1	SQLite suitable for small-scale deployment	Limited concurrent users	High
2	Single AI provider dependency	Service interruption risk	Medium
3	Basic authentication	Needs stronger security	High

Scalability Plan:

S.No	Scalability Aspect	Current State	Proposed Upgrade / Solution
1	User Load	Single server	Cloud auto scaling
2	Data Storage	SQLite	PostgreSQL/MySQL
3	Performance	Basic optimization	Caching & async processing
4	Security	Basic authentication	JWT, HTTPS & role-based access

Future Roadmap:

Phase	Planned Feature / Enhancement	Target Timeline	Expected Impact
Phase 1	Cloud deployment	1 Month	Improved availability
Phase 2	Mobile application	3 Months	Better accessibility
Phase 3	Multi-bank integration	6 Months	Automated loan synchronization
Phase 4	Advanced AI financial advisor	12 Months	Smarter debt recovery guidance
